## FY 2017

### **IOWA STATE PATROL TO PARTNER WITH IOWA ALCOHOLIC BEVERAGES DIVISION FOR TOBACCO, ALTERNATIVE NICOTINE AND VAPOR PRODUCT EDUCATION AND ENFORCEMENT**

[COMMUNITY], Iowa ([MONTH ##], 20##) – The Iowa State Patrol [District #] has taken a pledge to keep tobacco, alternative nicotine and vapor products out of the hands of [COMMUNITY] youth.

Known as I-pledge, the program is a partnership with the Iowa Alcoholic Beverages Division (ABD) to educate local retailers and to enforce Iowa’s tobacco, alternative nicotine and vapor product laws. Since the program’s inception in 2000, the statewide tobacco compliance rate has grown to 91%. By participating in the program, the Iowa State Patrol has committed to do its part to increase the compliance rate even more this year.

I-pledge places emphasis on retailer training. Clerks who successfully complete an online training course and then pass an exam will become I-pledge certified. This allows a retail establishment to use an affirmative defense against a civil penalty if the certified clerk makes an illegal sale.

“I-pledge’s retailer training is a great way for clerks to prepare themselves to refuse illegal tobacco, alternative nicotine and vapor product sales,” [DISTRICT LIEUTENANT/SERGEANT] said. “The training also assists retailers to ensure they maintain a compliant and responsible establishment.”

Troopers will also be conducting compliance checks on local establishments as part of the I-pledge program. Underage customers, under the supervision of law enforcement officials, will enter establishments and attempt to buy tobacco, alternative nicotine and vapor products. Clerks who make the illegal sale will be cited on the spot.

Criminal penalties for selling tobacco, alternative nicotine and vapor products to a minor include a \$100 fine for a first offense, a \$250 fine for a second offense and a \$500 fine for third and subsequent offenses. However, handing out citations is not the intent of the I-pledge program.

“By partnering with the Iowa Alcoholic Beverages Division, we hope to educate clerks and maintain a compliant retail environment in our community,” [DISTRICT LIEUTENANT/SERGEANT] said. “Moreover, we pledge to help keep tobacco, alternative nicotine and vapor products out of the hands of Iowa’s youth.”

## II. Trooper Checklist

FY 2017

- 1. **Issue a press release** indicating your district is partnering with the Iowa Alcoholic Beverages Division to conduct compliance checks. A suggested press release is included on page 2 of this handbook and can be downloaded at <https://abd.iowa.gov/>.
  - ▶ Please do not provide retailers with advance notification of compliance checks.
  
- 2. **Complete and submit compliance checks** on or before **April 15, 2017**.
  - ▶ Try to complete compliance checks on **seasonal businesses** before the end of the 2016 business season but not before October 1st.
  - ▶ Use only Fiscal Year 2017 Tobacco, Alternative Nicotine and Vapor Product Enforcement Program forms included in this handbook, or download current forms at <https://abd.iowa.gov/>.
  
- 3. **Immediately issue a criminal citation** to non-compliant clerks. Your agency should notify the city or county attorney within 72 hours for criminal proceedings. Your agency should also notify the business owner or manager of the tobacco/alternative nicotine/vapor product violation within seven (7) business days.
  - ▶ Do not obtain the name of the clerk for compliance checks resulting in compliance. ABD does not need this information and the clerk may notify other retailers in the area that compliance checks are being conducted.
  
- 4. **Complete and submit a second compliance check on violators only** by **May 30, 2017**.

**NOTE:** Compliance checks must be conducted at establishments during regular business hours.

# III. Compliance Check Results - Unable to Complete

FY 2017

Not all compliance checks may be classified as compliant or non-compliant. Below are a few circumstances law enforcement should be aware of to ensure accurate results are reported to ABD:

- ▶ **Establishment tells youth that the business no longer sells tobacco, alternative nicotine or vapor products:** The trooper should contact the city clerk/county auditor to determine if the business no longer holds a valid permit or if the business simply told the youth that the business no longer sells tobacco, alternative nicotine or vapor products. If the business does have a valid permit, enter the compliance check as “compliant.”
- ▶ **Establishment no longer holds a valid permit:** Submit the compliance check as “no longer holds a valid tobacco, alternative nicotine, or vapor product permit.” Make sure a compliance check was attempted if this selection is chosen. If you are aware an establishment on ABD’s list no longer holds a valid permit prior to attempting to conduct a compliance check at the establishment, contact your ABD investigator.
- ▶ **Establishment is out of business:** Submit the compliance check as “out of business.” Make sure a compliance check was attempted if this selection is chosen. If you are aware a business is no longer in operation prior to attempting to conduct a compliance check at the establishment, contact your ABD Investigator.
- ▶ **Youth is denied entry:** Submit the compliance check as “compliant.” These establishments are typically “members only” or the youth is stopped at the door due to age.
- ▶ **Establishment is unsafe or inappropriate:** Establishments that are unsafe or inappropriate for a minor to enter can be considered an “unsatisfactory condition.” However, to formally designate the establishment as an “unsatisfactory condition,” the trooper must contact their ABD investigator prior to conducting the compliance check for confirmation. The trooper must conduct a “walk-through” of the premises to ensure the establishment is in compliance with Iowa’s tobacco, alternative nicotine and vapor product laws.

# VI. Compliance Check Procedures

## FY 2017

ABD has created the following suggested procedures for routine and fair monitoring of Iowa retail establishments licensed to sell tobacco, alternative nicotine and vapor products.

### Preparing for Compliance Checks

The district should coordinate the participation of a minor to assist with the controlled-buy operation (compliance check).

- ▶ **Minors shall be 16 or 17 years of age. Minors under the age of 16 shall not be used to conduct tobacco, alternative nicotine and vapor product compliance checks.**
- ▶ All minors should be of good character.
- ▶ Minors should have the appearance, demeanor, mannerisms and appropriate dress for their age group. Youth should refrain from wearing high school or college logos while conducting compliance checks.
- ▶ All minors shall have a parent or guardian complete a Parent/Guardian Consent Form prior to the scheduled compliance check date. Provide a copy of the consent form to the parent/guardian.

In order to maintain the integrity of the program, the trooper conducting compliance checks should wear plain clothes and utilize an unmarked vehicle whenever possible.

The trooper should review the list of retail establishments and determine what tobacco/alternative nicotine/vapor products each retailer sells. Payment cannot be made if the minor asks for a product not sold by the retailer.

The citing law enforcement official shall be available for testimony at hearings and district court proceedings at the request of the local/state prosecutor and shall advise local/state prosecutors and their ABD investigator as to the disposition of criminal citations.

### A Briefing Shall be Held Prior to Conducting Checks

- ▶ **Appearance:** The trooper should approve the minor's appearance and a photo should be taken of the minor before each day of compliance checks. The minor's appearance should not be changed after that point.
- ▶ **Official Identification:** The trooper should verify the minor has proper, official identification showing date of birth. This shall be the only identification carried or presented throughout the course of the compliance check. The official identification should be an Iowa driver's license. Make a photocopy of the minor's ID.
- ▶ **Possessions:** The minor should only have buy money provided by the district in his/her possession; no other money should be on his/her person. Check the minor and his/her possessions to ensure there are no tobacco, alternative nicotine or vapor products in his/her possession prior to the check.
- ▶ **Instructions:** The minor should be instructed:
  - » As to what product he/she should attempt to purchase;
  - » Go directly to the targeted merchandise to attempt to make the purchase;
  - » Speak only as necessary - at no time should the minor try to persuade the licensee/clerk to complete the sale;
  - » If asked about age, the minor should truthfully respond with how old he/she is;
  - » If asked for ID, the minor should present his/her ID to the licensee/clerk;
  - » If the licensee/clerk takes a minor's ID, tell the minor not to argue but to leave the store and the trooper will obtain the minor's ID and congratulate the licensee for compliance;
  - » If a receipt of the purchase is offered, accept and maintain for evidence;
- ▶ **Termination:** The trooper shall have the authority to terminate the operation at any time for safety reasons.

**NOTE:** The success of the operation and the minor's continued participation in tobacco, alternative nicotine and vapor product compliance checks is not dependent upon making successful purchases.

### **Law Enforcement Positioning**

- ▶ **Tobacco, Alternative Nicotine and Vapor Product Retailers:** If possible, the trooper should be stationed either inside the store or at a point from which the trooper can observe the sale. The trooper should not appear to be with the minor.
- ▶ **Bars/Restaurants:** The minor should enter the establishment first and request a tobacco, alternative nicotine or vapor product. If possible, the trooper should enter the bar/restaurant after the minor and observe the purchase attempt from a discreet location. The trooper should not appear to be accompanying the minor. Most bars/restaurants typically sell traditional tobacco products versus alternative nicotine and vapor products. An establishment where an employee checks the minor's ID at the door and denies the minor access to the premises shall be considered to be compliant.

### **Unsatisfactory Condition**

Establishments that are unsafe or inappropriate for a minor to enter can be considered an "unsatisfactory condition." A minor should never be sent into an adult entertainment facility or bar where the trooper feels it is unsafe or inappropriate for the minor. **The majority of bars in Iowa do not fall under this condition.**

However, to formally designate the establishment as an "unsatisfactory condition," the trooper must contact their ABD investigator prior to conducting the compliance check for confirmation. Once the establishment has been formally designated as an "unsatisfactory condition," the trooper must conduct a "walk-through" of the premises to ensure the establishment is in compliance with Iowa's tobacco, alternative nicotine and vapor product laws. In the event that ABD feels the check can safely be conducted, the district will be asked to complete the check.

### **Vending Machines**

A vending machine which is accessible to a youth under age 18 is in violation of Iowa Code section 453A.36(6). If an establishment has a vending machine, the minor should be instructed to approach the retailer and specifically ask for change for the vending machine. If change is given, the minor should purchase tobacco, alternative nicotine or vapor products from the machine and exit. Asking specifically for change for the vending machine helps to identify who to cite during a non-compliant vending machine sale.

### **Audio/Video Recording**

Audio and video equipment may be utilized during compliance checks in lieu of trooper observation.

### **Criminal Citation**

Immediately issue a criminal citation to an employee/clerk who sells a tobacco, alternative nicotine or vapor product to a minor, a violation of Iowa Code section 453A.2(1). A citation must be issued before your department may receive payment. Selling a tobacco, alternative nicotine or vapor product to a minor is a scheduled violation, resulting in scheduled fines as follows:

- ▶ 1st Offense: \$100.00 plus surcharge and court costs
- ▶ 2nd Offense: \$250.00 plus surcharge and court costs
- ▶ 3rd Offense: \$500.00 plus surcharge and court costs

### **Reporting**

The district has the discretionary option to enter the compliance check results into the I-pledge Tobacco, Alternative Nicotine and Vapor Product Enforcement Program accessible at <https://abd.iowa.gov/>. For further instruction on this procedure refer to pages 5 and 6. If the district would prefer not to enter the compliance check results, they may send completed compliance check forms to ABD Investigator Bill Missman at [Missman@IowaABD.com](mailto:Missman@IowaABD.com).

### **Additional Information**

For further information on tobacco, alternative nicotine and vapor product laws refer to Iowa Code Chapter 453A. The Iowa Code can be viewed at [www.legis.iowa.gov/](http://www.legis.iowa.gov/).

# IX. ALTERNATIVE NICOTINE & VAPOR PRODUCTS

FY 2017

## What is an Alternative Nicotine and Vapor Product?

### Vapor Product:

Any non-combustible product which may or may not contain nicotine, that employs a heating element, power source, electronic circuit, or other electronic, chemical, or mechanical means, regardless of shape or size, that can be used to produce vapor from a solution or other substance. Vapor product includes an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device, and any cartridge or other container of a solution or other substance, which may or may not contain nicotine, that is intended to be used with or in an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product or device. Vapor product does not include a product regulated as a drug or device by the United States Food and Drug Administration under chapter V of the federal Food, Drug and Cosmetic Act.

### Alternative Nicotine Product:

A product, not consisting of or containing tobacco, that provides for the ingestion into the body of nicotine, whether by chewing, absorbing, dissolving, inhaling, snorting, or sniffing, or by any other means. Alternative nicotine products do not include cigarettes, tobacco products, or vapor products, or a product that is regulated as a drug or device by the United States Food and Drug Administration under chapter V of the federal Food, Drug and Cosmetic Act.

Based on advice from the Iowa Attorney General's Office, the last line of the above definition *eliminates cessation products from being included under the law*. **Therefore, the purchase of cessation products should not be attempted during tobacco, alternative nicotine and vapor product compliance checks.** The three types of over the counter cessation products currently approved by the FDA are nicotine gum, transdermal patches, and nicotine lozenges.

## Why are some of the retailers listed in the I-pledge Tobacco, Alternative Nicotine and Vapor Product Enforcement Program website highlighted blue?

Retailers that indicated they were an alternative nicotine/vapor store on their permit applications are highlighted in blue within the I-pledge website. This does not mean that these retailers sell only vapor/alternative nicotine products but there is a high likelihood that this is the case. **It is recommended that the trooper find out what products these retailers sell prior to conducting compliance checks.** This way the trooper can ensure the minor is instructed to attempt to purchase a product the retailer carries. Payment cannot be made if the minor asks for a product not carried by the retailer.

## Common Brands and Prices of Vapor Products Carried by Iowa Retailers:

### Blu
