— STEPHEN LARSON, ADMINISTRATOR

MESSAGE FROM ADMINISTRATOR STEPHEN LARSON

The Alcoholic Beverages Division (ABD) generated a significant return on investment to the citizens of Iowa in fiscal year 2022. The amount of sales and revenue generated to the State General Fund was an all-time record of \$150.1 million, an increase of \$284,106 over the previous fiscal year. The sales growth generated record liquor net profits of \$120.6 million, which will be used to support essential state programs and services.

Another successful year was completed in the public-private partnership with Ruan Transportation Corporation, which continued to optimize the delivery of liquor and provide increased efficiency and delivery consistency for our 1,900-plus retail customers. This partnership allowed us to maintain the continued profitability of Iowa’s highly successful citizen-owned liquor distribution model.

As we move forward we will be expanding upon our partnership with the Iowa Department of Revenue’s GovConnectIowa program to further streamline alcohol licensing for businesses. We will also continue pursuing our strategic initiatives (outlined on page 3), which lay out a road map that will improve our operations and processes by increasing use of technology, focusing on outreach and stakeholder support, and continuing to improve the livelihood of businesses and consumers. There is much to look forward to in fiscal year 2023 as we continue to distinguish ourselves as the most successful control state operation nationwide.

This report marks the 87th year of operations for ABD and covers operational results from July 1, 2021 through June 30, 2022. It discloses all income from funds generated by beer and wine taxes, the issuance of licenses, and civil penalties. Also contained within this report is data on the number of licenses issued, administrative actions taken to correct non-compliance, and information on our regulatory compliance efforts.

The business unit of Financial Management, led by Chief Financial Officer Leisa Bertram, prepared this report. The responsibility for both the accuracy of the financial data along with the completeness and fairness of the presentation, including all disclosures, rests with the management of ABD. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial positions, results of operations and programs, and cash flows of ABD. 📌

Sincerely,

Stephen Larson, Administrator

IOWA ALCOHOLIC BEVERAGES COMMISSION

The Iowa Alcoholic Beverages Commission is created under Iowa Code section 123.5 and is comprised of five members appointed by the Governor and subject to confirmation by the Iowa Senate. The commission acts as a public policy-making body and serves in an advisory capacity to the Administrator of the Iowa Alcoholic Beverages Division.

JAY WILSON
CHAIRPERSON

Jay Wilson began his first term on the Iowa Alcoholic Beverages Commission on May 1, 2013. He was reappointed to a second term by Governor Kim Reynolds that began May 1, 2018. Commissioner Wilson is the Group Vice President of Merchandising at Wall to Wall Wine & Spirits for Hy-Vee. He was selected as one of six Market Watch Leaders in 2009 by Market Watch magazine. He also started an online wine study program in 2006, intended for employees to increase their wine knowledge and improve performance. Once completing the online program, the employee is a Certified Hy-Vee Wine Specialist. Commissioner Wilson's current term will expire on April 30, 2023.

GARY NYSTROM
VICE CHAIRPERSON

Gary Nystrom began his first term on the Iowa Alcoholic Beverages Commission on May 1, 2014. He was reappointed to a second term by Governor Kim Reynolds that began May 1, 2019. Commissioner Nystrom was a partner in Pritchard Bros. Inc. Plumbing and Heating in Boone for over 45 years before retiring in December 2017. He also served on the Boone City Council for eight years. Commissioner Nystrom continues to be active in the community through volunteering, as well as serving on other committees and boards locally and statewide. He is a lifelong resident of Boone where he is joined by his wife, two grown children, and five grandchildren. Commissioner Nystrom's current term will expire on April 30, 2024.

RACHEL EUBANK
SECRETARY

Rachel Eubank began her first term on the Iowa Alcoholic Beverages Commission on May 1, 2015. She was reappointed to a

second term by Governor Kim Reynolds that began June 1, 2020. Currently the President/Owner of Sticks, Inc., she has served as a volunteer with many organizations, including Chrysalis, the I Have a Dream Foundation, the Des Moines Art Center, Puppy Jake, PTA, and Central Presbyterian Church. She is a graduate of the University of Iowa. She is a native of Des Moines and currently resides there with her husband and three children. Commissioner Eubank's current term will expire on April 30, 2025.

JOHN PAULI
COMMISSIONER

John Pauli began his first term on the Iowa Alcoholic Beverages Commission on May 1, 2016. He was reappointed to a second term by Governor Kim Reynolds that began May 1, 2021. Commissioner Pauli is an engineer with Pella Windows Corporation in Carroll. He is a graduate of the University of Wisconsin, Platteville (Industrial Engineering) and Drake University (MBA). He is a past member and Chairman of the Carroll County Conservation Board and has served in a number of volunteer positions in the community, including serving as the coach for the local trap shooting team. Commissioner Pauli's current term will expire on April 30, 2026.

CHRISTINE SPRATT
COMMISSIONER

Christine Spratt was appointed by Governor Terry E. Branstad to the Iowa Alcoholic Beverages Commission on May 1, 2017. Commissioner Spratt is the General Manager and Vice President of Golden Eagle Distributing in Mt. Pleasant. She resides in Burlington, Iowa with her husband Kent and daughter Lainey. Commissioner Spratt's term expired on April 30, 2022.*

**Sara Winkleman, owner of S&B Farms Distillery, was appointed by Governor Kim Reynolds to the Iowa Alcoholic Beverages Commission with a term beginning May 1, 2022.*

REGULATORY COMPLIANCE BUREAU

THIS YEAR WAS ABOUT EXPANDING AND CULTIVATING OUR RELATIONSHIPS WITH STATE AND LOCAL LAW ENFORCEMENT AGENCIES. WE SHARE A COMMON GOAL OF PROTECTING THE HEALTH AND SAFETY OF IOWANS, AND THAT ONLY GETS EASIER WHEN WE ARE COHESIVELY WORKING TOGETHER.”

— DEMARIO A. LUTTRELL, BUREAU CHIEF

BUREAU PERFORMANCE SUMMARY

Each of the Regulatory Compliance Bureau Units worked together to fulfill our mission of effective and efficient education and regulation of alcohol and tobacco laws in Iowa. The Bureau staff implemented a multi-faceted regulatory program that focused on results.

Education continued to be our primary emphasis in bringing licensees into compliance. Our proactive approach to the education and outreach of state and local officials yielded increased partnership in governance. We worked together with local entities to address ongoing issues pertaining to alcohol-licensed establishments in their communities. 📌

The Regulatory Compliance Bureau is comprised of four units:

• **Alcohol Compliance**

- Investigations
- Inspections
- Audits

• **Education and Outreach of Law Enforcement and Local Officials**

- Educational Presentations
- External Stakeholder Training
- Strategic Planning

• **Tobacco Compliance**

- I-LEDGE Training and Enforcement
- U.S. Food and Drug Administration
- Smokefree Air Act

ALCOHOL COMPLIANCE UNIT

The Alcohol Compliance Unit is responsible for the enforcement of Iowa's alcohol laws in a fair and consistent manner.

The unit established these goals:

- **To prevent the sale and delivery of alcoholic beverages to underage individuals.**
- **To prevent the sale and delivery of alcoholic beverages to intoxicated individuals.**
- **To prevent the sale of alcoholic beverages that are illegally imported or purchased from an illegal source.**
- **To prevent undisclosed ownership of licensed establishments by unauthorized individuals or entities.**
- **To provide manufacturers, wholesalers, and retailers of the alcoholic beverage industry with a fair and level playing field.**
- **To ensure proper payment of tax on alcoholic beverages.**

Pursuant to the Iowa Alcoholic Beverage Control Act (Iowa Code chapter 123), the Alcoholic Beverages Division (ABD) is responsible for the administration and enforcement of alcoholic beverage laws in the state of Iowa.

Furthermore, the law provides the legal authority for ABD to inspect and control the manufacture of beer, wine, and alcoholic liquor and regulate the entire alcoholic beverage industry in the state.

ABD serves as a supplementary aid to the Iowa Department of Public Safety in enforcement of alcoholic beverage laws.

ALCOHOL COMPLIANCE COMPLAINTS RECEIVED

In FY22, the Bureau received 221 complaints through ABD's online public complaint form, emails, and phone calls. Throughout the year, there was a relatively consistent flow of incoming complaints without any significant anomalies worth noting.

TOP 5 COMPLAINT CATEGORIES RESULTING IN INVESTIGATIONS

1. Sale or service of alcohol to an under-age person
2. Criminal activity on a licensed premise
3. Sale or service of alcohol to an intoxicated person
4. Sale or service of alcohol after legal hours of sale
5. Bootlegging

Selling or serving alcohol to an under-age person was identified as the number one complaint submitted to the Regulatory Compliance Bureau during FY22 and accounted for 60% of the complaints received.

We addressed these complaints through investigations and frequently collaborated with local law enforcement agencies.

The Alcohol Compliance Program consists of the following areas:

- **Investigations**
- **Inspections**
- **Audits**

INSPECTIONS AND INVESTIGATIONS

The objective of the Alcohol Compliance Unit is to improve alcohol compliance through voluntary compliance, complaint evaluations, and enhanced regulation, which includes inspections and investigations. Our investigative focus was centered on responding to complaints that fell under the purview of our regulatory jurisdiction. We continued to prioritize complaints that suggested a threat to public health, safety, and welfare of Iowans.

Inspection strategies were targeted toward special events at which alcohol service was a prominent feature. The proactive approach provided education and ensured that pre-event planning and preparation included compliance considerations rather than being reactive to issues as they occurred.

PARTNERSHIP IN GOVERNANCE

The Alcohol Compliance Unit continued improving communication and collaboration with law enforcement agencies across the state. The unit's team assessed the needs of our statewide partners and identified ways to provide more assistance.

JOINT COMPLIANCE INITIATIVES

During FY22, the primary focus was partnering on joint compliance checks and joint investigations. We actively engaged in joint compliance checks with 15 local law enforcement agencies across the state. We also partnered with 10 different local law enforcement agencies, Iowa regulatory agencies, and federal agencies in joint investigations throughout the year.

AUDITS

The objective of the Audit Program is to improve tax compliance through voluntary compliance and enhanced regulation.

BARREL AND WINE GALLONAGE TAX COLLECTED

In FY22, compliance officers identified and collected additional barrel and wine gallonage tax liabilities totaling \$12,294.93.

AUDITS CONDUCTED

In FY22, 54 total audits were conducted. The total audits conducted are detailed by license and permit types in the chart below.

AUDIT TYPES		FY22
Class "A" Wine Permits (Native Manufacturers)	33%	
Class "A" Beer Permits (Native Manufacturers)	30%	
Special Class "A" Beer Permits	20%	
Class "A" Native Distilled Spirits	7%	
Class "A" Wine Permits (Wholesalers Only)	4%	
Liquor Manufacturers	4%	
Class "A" Beer Permits (Wholesalers Only)	2%	

COMPLIANCE FINDINGS

Audits conducted during FY22 identified the following:

- Failure to file barrel and wine gallonage tax monthly reports
- Failure to maintain records
- Incorrect reporting of gallons produced and sold

The compliance rate for audits conducted was 76%. All audits conducted incorporated education on laws, rules, and the reporting of gallons.

AUDIT PROGRAM ACCOMPLISHMENTS

During FY22, the Program was modified to implement a three-level system:

- Level 1 – Three month's records review
- Level 2 – One year's records review
- Level 3 – More than one year's records review

The purpose for implementing the three-level system was to conduct audits more efficiently by focusing efforts on the more complex Level 2 and Level 3 audits.

The Level 1 audits allow ABD to reach more licensees and permittees in the state.

In FY22, Audit Program accomplishments also included the following:

- Increased voluntary compliance
- Enhanced external education
- Implemented an electronic case-management system
- Improved policies, processes, and documentation

REGULATORY COMPLIANCE BUREAU

EDUCATION AND OUTREACH OF LAW ENFORCEMENT & LOCAL OFFICIALS UNIT

The Education and Outreach of Law Enforcement and Local Officials Unit is responsible for ensuring law enforcement and local officials are updated on the laws and regulations of Iowa's alcoholic beverage industry.

The following unit goals were established:

- **To educate and engage local government leadership and law enforcement in addressing issues related to the Bureau's mission.**
- **To build collaborative relationships.**
- **To assess the needs of local law enforcement and determine how to provide efficient and effective assistance.**

EDUCATIONAL PRESENTATIONS AND TRAINING

In FY22, the Regulatory Compliance Bureau provided educational presentations to the Iowa Law Enforcement Academy, Iowa Department of Public Safety, and Hawkeye Community College Regional Academy. Commitments were made to add Western Iowa Tech Community College and Cedar Rapids Police Department in 2023.

The presentations encompassed general overviews covering how ABD can assist law enforcement agencies with conducting investigations and the educational opportunities available to Iowa law enforcement.

There was a noticeable increase from previous years in the number of inquiries from law enforcement agencies and local officials regarding alcohol laws. The increase in inquiries fielded by education and outreach staff were likely attributable to greater awareness of ABD as a resource for education.

DRUG ABUSE RESISTANCE EDUCATION D.A.R.E. IOWA

The Regulatory Compliance Bureau continued to partner with D.A.R.E. Iowa in September 2021 and provided direct assistance with certifying 13 law enforcement officers as new D.A.R.E. Instructors at the Midwest Counterdrug Training Center at Camp Dodge in Johnston, Iowa.

D.A.R.E. is one of the leading prevention programs taught around the world. The core D.A.R.E. elementary curriculum consists of 10 lessons that teach students to make responsible choices when confronted with alcohol and tobacco.

D.A.R.E. prides itself on having trained, certified police officers in the classroom facilitating curriculum discussions. More than 15,000 students in the state of Iowa receive the D.A.R.E. curriculum from their local D.A.R.E. Instructor.

SURVEY OF AGENCIES

ABD conducted a first-ever survey of law enforcement agencies in an effort to discover the needs of law enforcement and how ABD can help to meet those needs.

Summarized results indicated a desire from local law enforcement to participate in more alcohol-compliance checks and targeted enforcement initiatives. Survey results also indicated a desire for more training opportunities from ABD.

TOBACCO COMPLIANCE UNIT

The Tobacco Compliance Unit is responsible for the education and enforcement of Iowa’s tobacco, alternative nicotine, and vapor product laws.

The unit established the following goal:

- **To increase voluntary compliance with Iowa’s tobacco, alternative nicotine, and vapor product laws through education and enforcement.**

I-pledge Enforcement Program

ABD is required by the Health and Human Services bill to collaborate with Iowa Department of Public Health for tobacco enforcement. Each fiscal year a memorandum of understanding is executed between the two departments to fund tobacco enforcement. ABD contracts with approximately 200 local law enforcement agencies across the state and the Iowa State Patrol to perform underage buy compliance checks at each tobacco retailer in the state.

This program allows employees and prospective employees to go through tobacco compliance training and receive a certificate upon completion. The program is offered online at no cost, and the certification lasts for two years unless a sale-to-minor violation occurs.

SMOKEFREE AIR ACT (SFAA) ENFORCEMENT

In the spring of 2008, Iowa lawmakers passed legislation to protect employees and the general public. The Smokefree Air Act (SFAA) prohibits smoking in enclosed areas within places of employment as well as some outdoor areas. ABD conducts SFAA investigations on premises that are covered by an alcohol license.

The majority of the SFAA investigations conducted by ABD are initiated due to complaints received from the Iowa Department of Public Health.

ADMINISTRATIVE AFFAIRS BUREAU

THE GOAL OF OUR BUREAU BEGINS WITH THE ISSUANCE OF LICENSES FOR THE MAKERS, MOVERS, AND SELLERS OF ALCOHOLIC BEVERAGES. ADDITIONAL FOCUS ON LICENSING AND EDUCATION FOR OUR NATIVE MANUFACTURERS AND THOSE OBTAINING SPECIAL EVENT LICENSES HAS BEEN A RECENT CHANGE IN OUR BUREAU. OUR ULTIMATE GOAL IS TO ENCOURAGE LICENSEE COMPLIANCE WITH IOWA'S ALCOHOL LAWS AND RULES TO PROTECT THE HEALTH, SAFETY, AND WELFARE OF IOWANS."

— LOLANI LEKKAS, BUREAU CHIEF

BUREAU PERFORMANCE SUMMARY

The purpose of the Administrative Affairs Bureau is to assist those engaged in the alcoholic beverage marketplace to achieve compliance with all laws and regulations related to a variety of business types. Our purpose includes proactive measures through analysis of existing laws and education to the alcoholic beverage retail, wholesale, and manufacturing industries and stakeholders. This Bureau also provides legal background and analysis when ABD governance is challenged.

Compliance and communication by the Bureau is accomplished through education and outreach initiatives focusing on the native manufacturing industry in this state, as well as special events occurring at the local level. ABD offers a variety of programs, information, and publications available to alcoholic beverage licensees and permittees, local authorities, law enforcement agencies, media, the general public, and other stakeholders.

Governance by the Bureau is accomplished through the administrative actions process which holds licensees, permittees, and certificate holders accountable when they are found in violation of Iowa's alcohol and tobacco laws. 📌

The Administrative Affairs Bureau is responsible for assisting in the governance of the alcoholic beverage marketplace in Iowa through legal background, analysis, and education which incorporate:

- **Licensing**
- **Administrative Actions**
- **Education and Outreach**

ADMINISTRATIVE ACTIONS UNIT

The unit established the following goal:

Administrative Actions has transitioned from adversarial hearing complaints to cooperative settlement agreements and education-based corrective actions while working to ensure safe communities and a fair and level business environment across the state.

ALCOHOL LICENSING UNIT

The Alcohol Licensing Unit is responsible for licensing the three tiers of the alcoholic beverage industry doing business in the state of Iowa.

The unit established the following goals:

- **Effectively and efficiently license all eligible alcohol establishments in partnership with local authorities.**
- **Provide outstanding customer service to those applicants engaged in the alcoholic beverages industry through the licensing process.**

The Alcohol Licensing Unit in coordination with the Education and Outreach Unit and the Native Manufacturing Unit issued 19,725 alcohol licenses, permits, and certificates in FY22. As of June 30, 2022 there were 12,211 active alcohol licenses, permits, and certificates.

Outstanding license fees related to the Governor’s COVID-19 pandemic proclamations, which allowed for deferral of certain on-premises licenses and permit fees, in the amount of \$718,490 remain to be collected by ABD in FY23. There was a total of \$22,467,407 in license revenue collected during FY22.

ABD transitioned to a new licensing system (eLAPS) which now collects license fees upon submission of an application. Additionally, ABD is working with the Iowa Department of Revenue to create a “one stop shop” for licensing and taxation through IDR’s GovConnectIowa system. The total number of licenses, permits, and certificates issued encompasses all licensed entities that do business involving alcoholic beverages in the state of Iowa. 📌

EDUCATION AND OUTREACH

The Education and Outreach Unit uses the ABD website, a variety of social media platforms, presentations, and informative documents to implement the education and communication objectives of ABD.

IOWA PROGRAM FOR ALCOHOL COMPLIANCE TRAINING (I-PACT)

One of the most widely used programs is the Iowa Program for Alcohol Compliance Training or I-PACT. I-PACT is a free online training program designed to prevent illegal sales of alcohol by educating alcohol sellers and increasing awareness of changes in Iowa's liquor laws. The goal of I-PACT is increased voluntary compliance with Iowa's alcohol laws through education and enforcement. After successfully passing the final test, participants receive a printable certificate of completion. The certification is valid for a period of two years. However, if an individual is cited for a sale-to-minor, the certification is revoked. The training may be taken again for recertification.

In FY22, 23,508 people were trained in the responsible selling and serving of alcoholic beverages through the I-PACT program. Of those trained, 22,522 were certified, 986 failed the certification resulting in a 95% passage rate. In FY22, 10 people were decertified due to selling alcohol to a minor.

COPIES OF IOWA SPIRITS MAGAZINE DISTRIBUTED

IOWA SPIRITS MAGAZINE

Iowa Spirits Magazine continued production in FY22. This publication is produced biannually, showcases the spirits environment in Iowa and features profiles, businesses, trends, food and drink recipes, ABD initiatives, and much more. Iowa Spirits Magazine is available free-of-charge to consumers at class "E" liquor-licensed establishments, Iowa Welcome Centers, and online via the ABD website. ABD distributes 30,000 copies of each issue of Iowa Spirits Magazine throughout the state.

SPECIAL EVENTS UNIT

ABD developed a Special Events Unit to address the needs of short term licensees and permittees engaged in the selling and serving of alcoholic beverages at community events, fairs, and festivals. ABD believes that the needs of these license and permit types necessitates additional education, licensing attention, and timely coordination with local authorities.

NATIVE MANUFACTURING UNIT

ABD developed a Native Manufacturing Unit to address additional education, licensing, and regulatory questions and concerns applicable to this group of stakeholders. Iowa native breweries, wineries, and distilleries are an extremely important part of the Iowa business landscape and ABD wants to do what we can to ensure their success and compliance with complicated state and federal regulation, as well as disjointed beer and wine taxation.

ADMINISTRATIVE AFFAIRS BUREAU

ADMINISTRATIVE ACTIONS UNIT

The Administrative Actions Unit is responsible for ABD’s prosecution of administrative violations of Iowa’s alcohol and tobacco laws. Administrative Actions has transitioned from adversarial hearing complaints to cooperative settlement agreements and education based corrective actions while working to ensure safe communities and a fair and level business environment across the state.

BUSINESS OPERATIONS BUREAU

FISCAL YEAR 2022 USHERED IN ANOTHER CHALLENGING YEAR WITH THE CONTINUATION OF SUPPLY CHAIN OBSTACLES, A TIGHT LABOR MARKET, AND INCREASED DELIVERY OUTLETS FOR ABD AND ITS DISTRIBUTION PARTNER RUAN TRANSPORTATION. WORKING TOGETHER AS A PUBLIC/PRIVATE PARTNERSHIP ENABLED ABD TO CONTINUE SUPPORTING BUSINESS AS THEY HAVE COME TO EXPECT UNINTERRUPTED SERVICE.”

—HERBERT H. SUTTON JR., DEPUTY CHIEF OF STAFF, BUSINESS OPERATIONS AND FINANCIAL MANAGEMENT

BUREAU PERFORMANCE SUMMARY

Each unit played a critical role in executing the public policy mission of protecting the health, safety, and welfare of the citizens of Iowa (Iowa Code section 123.1).

During FY22, class “E” store growth continued to increase at a steady pace from 1,840 to 1,927 retail outlets. Ruan, our warehousing and transportation partner, continued to complete the “last mile” for deliveries as expected in light of a challenging labor market.

More outlets translated to more orders processed, moving from 94,514 to 112,034. Additionally, ABD’s product portfolio increased by 16.7% with 395 new products, moving from 2,367 to 2,762 for this period. This increase resulted in the largest product portfolio offered by ABD in its history.

With the ongoing supply chain issues, it was critical for ABD to maintain a more diverse selection of products allowing substitutions to be readily available to the marketplace.

The Business Operations Bureau continues to look for ways to improve the distribution of spirits by integrating data analytics, best practices, collaboration with its partner, and other forward-thinking solutions, as well as providing Iowa businesses with the customer service, selection, and expertise they rely on. 📌

The Business Operations Bureau is responsible for all day-to-day functions, which incorporate:

- **Accounting**
- **Data Analytics**
- **Product Management**
- **Capital Improvements**
- **Contract Management and Oversight**

\$468,404,346

TOTAL REVENUE EARNED

\$431,426,201

LIQUOR SALES

ABD is the sole wholesaler of alcoholic liquor sold in Iowa and delivers products to over 1,927 off-premise retail locations across the state. Iowa Code 123.24 requires ABD to markup the price of products sold at wholesale by up to 50 percent.

\$1,568,152

SPLIT CASE REVENUE

The Split Case fee is applied when alcoholic liquor is sold to a retailer as a single bottle. The split case fee is \$0.50 per bottle. This fee is applied to offset the cost of splitting, picking, and shipping single bottles.

\$4,744,833

BOTTLE DEPOSIT / SURCHARGE

Pursuant to Iowa Code section 455C.2 and Iowa Code section 123.24, ABD charges a bottle deposit and surcharge included in the wholesale purchase price. The charge assessed by ABD is \$0.09 per unit sold and includes the \$0.05 bottle deposit.

\$8,112,188

WINE TAX

All wine sold at wholesale in the state, as well as wine directly shipped to consumers within Iowa, is assessed a tax at the rate of \$1.75 per gallon.

\$22,552,972

LICENSE FEES

Fees collected are for the licenses, permits, and certificates required for the manufacture, importation, and sale of liquor, beer, and wine in and to the state of Iowa. During FY21, this fee was deferred for certain license types by a proclamation set forth by the Governor in response to the COVID-19 pandemic. A small portion of the deferred fees were collected in FY22, causing an increase to these revenues.

CLASS “E” LICENSE AND SKU GROWTH

ABD continues to experience growth in many aspects of the business model including class “E” licenses and SKUs. The increase in class “E” licenses increases the number of distribution points available to be delivered to on a weekly basis. The number of SKUs refers to the diverse catalog of products offered for distribution to class “E” licenses for sale to the public and on-premises license holders. The following graph depicts the growth of the spirit sales as well as the distribution and SKU growth over the last six fiscal years.

SKUs	1,930	2,344	2,087	2,306	2,367	2,762

CLASS "E" LICENSE GROWTH

In 2012, there was an increase in the number of class "E" licenses due to a legislative change that allowed convenience stores to be licensed to sell liquor. Since that time, the number of class "E" licenses continues to grow and increases the number of distribution points across the state of Iowa. As we continue to pursue our mission, ABD is committed to serving these class "E" licensees through the responsible and efficient distribution of alcohol.

CLASS "E" LICENSES AND SALES BY COUNTY

The heat map below shows the total number of class "E" licenses per county. The color of the county corresponds to the total amount of liquor gallons sold from ABD to the class "E" licenses within that county. The darker the color, the greater the amount of liquor gallons sold. Class "E" licenses sell directly to the public via retail sales or to on-premises liquor licenses. To sell to the on-premises licenses, the class "E" must hold a federal wholesale permit.

FINANCIAL MANAGEMENT

AS LIQUOR SALES AND OPERATIONAL VOLUMES CONTINUE TO INCREASE, THE USE OF THOUGHTFUL DATA AND ANALYTICS PLATFORMS AND METRICS WILL BE AN IMPORTANT TOOL IN PROVIDING ACCURATE AND EFFICIENT FINANCIAL REPORTING AS WELL AS SHAPE THE GOALS AND DECISIONS OF ABD'S FUTURE.”

— LEISA BERTRAM, CHIEF FINANCIAL OFFICER

FINANCIAL HIGHLIGHTS

OPERATIONAL INCREASES IN REVENUES AND EXPENDITURES

ABD continues to see an increase to the liquor sales revenue year over year. Though the growth rate has slowed since FY21, the amount of revenue collected remains high. This increase in revenue has also driven increases in the volume of cases and bottles that flow through the ABD warehouse. Through these increases, ABD has been able to efficiently work with our operations partner, Ruan Transportation, Inc., ensuring daily operations for liquor sales and deliveries while continuing to drive value for our customers.

In addition to the impact on liquor sales and liquor operations, FY22 was a year of growth in the area of license fees as obligations were collected from FY20 due to the expiration of the Emergency Proclamation for Disaster Relief in FY21. Per the proclamation, payments were deferred for certain license types as well as beer and wine tax. The beer and wine tax obligations were collected in FY21, inflating that number year over year,

whereas the license obligations are still being collected through FY22.

PARTNERING WITH OTHER STATE AGENCIES

In FY22, a new transfer was created for the Iowa Economic Development Authority (IEDA.) ABD has previously deposited all native beer and native wine tax into an IEDA fund to be used for promotion of tourism in conjunction with the Wine and Beer Promotion Board. This new transfer was created to include funding for the promotion of the native distilleries as well. ABD also partners with the Iowa Department of Revenue to utilize the new GovConnectIowa portal for some license types. This new system allows users to apply for and renew licenses, file for permits, and perform various other tasks. As ABD continues this partnership, more license types and functionality will be available.

IT AND ANALYTICS FOCUS

Expense increases in the Information Technology (IT) budget line were attributed to continued updates in the areas of forecasting, case management, data

analytics, and licensing. ABD enhanced and maintained several key systems including data dashboards, ABD's eLAPS licensing platform based in Salesforce, and connection to the Iowa Department of Revenue's GovConnectIowa portal. IT remains a top priority with a need to provide metrics and key performance indicators on a regular cadence. ABD continues to focus on data analytics and system-based reports to provide transparent information to a variety of stakeholders. These IT enhancements, in conjunction with our dedicated OCIO / ABD IT team, has provided ABD with the necessary tools and systems to govern and make decisions based on data related to key operational and financial metrics. 📌

FINANCIAL STATEMENTS

INTRODUCTION

The following summary of ABD's financial performance provides an overview of the financial and operational activities for FY22. This data is extracted from the state of Iowa accounting system and the ABD operating system and is in compliance with annual report requirements from Iowa Code chapter 123.16. Except as noted, all financial information reflects transactions for the reported fiscal period of July 1, 2021 through June 30, 2022. The state of Iowa hold-open period is July 1, 2022 through September 15, 2022.

OVERVIEW OF FINANCIAL STATEMENTS

The Profit and Loss Statement reflects ABD's performance with respect to the wholesale operations with revenues and expenses directly related to the Liquor Control Trust Fund. The Net income Statement encompasses the Liquor Control Trust Fund as well as the other operating funds within ABD. Both the Profit and Loss and the Net Income Statement provide a year-over-year analysis, comparing FY22 to FY21. The statements represent the financial operation and performance of ABD relating to Iowa Code chapter 123, including administrative revenues and expenses, distribution, and personnel.

The Statement of Cash Flow represents revenues and expenses for FY22 compared with FY21 within the Liquor Control Trust Fund for the operating period of the fiscal year July 1 through June 30. The Balance Sheet reflects resources and obligations in the fiscal year hold-open period, July 1 through September 15. Also presented in this report are Notes to Financial Statement that provide additional information to facilitate a better understanding of ABD's financials and the data within each statement.

Within the annual report are various references to deferred license and tax revenues starting in FY20. These deferrals expired during the hold-open period of FY21. Tax obligations were collected and reported in FY21 along with FY20 obligations, thus inflating the numbers reported. FY22 in comparison shows a decrease in tax collections, but is more accurate based on true collection for the fiscal year. ABD continues to collect on outstanding license fees and will have all obligations met by the end of FY23. 📌

*Beer tax collected is deposited into the State General Fund. This revenue is processed by ABD, but is not included in the total revenue numbers for ABD on other financial reports as this is not deposited in an ABD fund.

REVERSION ANALYSIS

Each year, on a monthly basis, ABD transfers a reversion amount to the State General Fund that is derived from liquor sales, license fees, and other revenue sources. This reversion is then appropriated by the legislature to other departments and agencies throughout the state. ABD provides an estimate of this total number to be used in budgeting and is required to fulfill this estimated amount. The estimate is derived using past and current sales and reflects the overall growth of ABD as it continues to serve Iowans through the responsible regulation, sale, and distribution of spirits.

NOTES TO FINANCIAL STATEMENTS

PROFIT AND LOSS NOTES ON TOTALS

Refer to page 44

- ¹ Per Iowa Code section 123.22, ABD utilizes a bailment inventory system. ABD charges the liquor suppliers a \$1.00 bailment fee per case sold. The bailment fee is deducted from payments to suppliers. Bailment fees and special handling fees are not actual revenues received.
- ² The decrease in Special Handling Fees is attributed to the introduction of the Vendor Scorecard system and is a direct reflection of ABD charging less fees for incoming inventory. These fees were charged on a variety of issues, and in FY22, ABD continued to reduce the total amount of fees charged to suppliers.
- ³ Major expenditures in the Ruan Fleet and Ruan Warehouse expense categories include wages and benefits of delivery drivers, fleet vehicles, pick rate per unit, warehouse labor and warehouse equipment. Increases in these line items have a direct correlation to the increase in the liquor sales.
- ⁴ The increase in FY22, when compared to FY21, can be attributed to the startup costs associated with a new warehouse racking project as well as a significant portion related to the fuel tank replacement project. FY21 did not have any major project allocations.
- ⁵ Information Technology increases are due to the implementation of major IT systems. During FY22 there were several projects including the integration of the new Salesforce licensing system with IDR's GovConnectIowa project, continued updates on the Vendor Scorecard, continued updates of the new inventory forecasting and case management system, and the implementation of a web-based inventory management system. ABD continues to grow the business in the areas of IT and data analytics.
- ⁶ The decrease in Fuel and Lease Reimbursement is due to ABD agreeing to forego the collection of lease charges from Iowa Lottery for the use of warehouse space.
- ⁷ The increase in Other Revenues and Reimbursements is attributed to a grant from IDPH to help wrap distribution trailers, a reimbursement from IEDA for FY22 Native Beer and Wine Tax refunds that were processed by ABD, and an IT reimbursement grant for ABD's integration with the eLAPS payment platform, NIC.

- ⁸ The new Salesforce licensing platform allowed ABD to begin accepting credit cards as a payment option within our licensing operations. Bank charges and credit card fees were collected based on the use of this new payment type being offered to licensees. FY22 had a full year of payment activity whereas FY21 only had a few months of payment activity.
- ⁹ License and liquor refunds continued to be impacted by the replacement of the legacy licensing system and the implementation of the new Salesforce system. Since the activation of the new platform, instances of incorrect license types being applied for and refunds needing to be generated continued into FY22. Additionally, there were some licensees that chose to close their business during the pandemic and were issued a refund for unused portions of their license during both FY21 and FY22.
- ¹⁰ ABD began quarterly transfers of \$250,000 of gross sales of alcoholic liquor to the Iowa Economic Development Authority for the purpose of supplementing the funding of the Wine and Beer Promotion Board. This agreement did not exist in FY21.
- ¹¹ The increase in the collection of license revenues during FY22 led to an increase in the payments made by ABD to the local authorities during FY22 known as the City and County payments. As deferred revenues were collected, the portions of these fees were paid back to the local authorities. FY21 was a low collection year by comparison due to the impact of license fee deferment.

NET INCOME STATEMENT NOTES ON TOTALS

Refer to page 45

- ¹ The decrease in split case revenues is attributed to stores buying more full cases and fewer single bottle purchases.
- ² As previously mentioned in this report, the beer and wine tax and license fees were deferred for collection in FY20 and the deferment expired in FY21. Deferred Tax revenue collections mostly occurred in FY21 causing an inflated number to be reported in that fiscal year. Many deferred license fees continued to be collected in FY22, causing the revenue total to increase again from FY21.
- ³ The increase in Misc. Funding Sources is attributed to a grant from IDPH to help wrap distribution trailers, a reimbursement from IEDA for FY22 Native Beer and Wine Tax refunds that were processed by ABD, and an IT reimbursement grant for ABD's integration with the payment platform, NIC.
- ⁴ Intra-Department Transfers are transfers made within ABD funds to cover operational expenses. This revenue line is the transfer into the State General Fund from the Liquor Control Trust Fund. Transfers within ABD decreased year over year due to the reallocation of some personnel in the areas of administrative actions, compliance, and education into the Liquor Control Trust Fund.
- ⁵ The purchase of liquor is the inventory cost associated with the sale of liquor to our class "E" licensees. ABD purchases liquor inventory from suppliers on the bailment system.
- ⁶ The increase in FY22, when compared to FY21, is attributed to the startup costs associated with a new warehouse racking project as well as the fuel tank replacement project. FY21 did not have any major project allocations.
- ⁷ The increase in Warehouse Administration is attributed to the reallocation of personnel expenses in FY22 that had not existed in FY21.
- ⁸ Non-operating expenses are the ABD's costs that are not associated with the physical distribution of spirits. This category includes salaries and costs of the administrative segment, administrative actions, education, and compliance, as well as the portion of building maintenance not allocated to the operational segment supporting spirits distribution.
- ⁹ Intra-Department transfers, as a non-operating expense, is the transfer out of the Liquor Control Trust Fund into the General Fund as referenced in note 4 above.
- ¹⁰ Remaining Authority Liq Trust Fund is the amount of resources remaining over dispositions for each respective fiscal year. These remaining funds are carried forward into the next fiscal year.
