Special Event Education

2022
Introduction

Iowa’s alcoholic beverage industry operates within the confines of a carefully cast partnership between the Iowa Alcoholic Beverages Division (Division), licensees and law enforcement officials. Close cooperation among these three entities is essential for regulation and enforcement of Iowa’s alcoholic beverage laws in order to achieve compliance.

This manual was developed to provide information for licensees/permittees, their employees and agents to have a general understanding of the laws and regulations governing the alcoholic beverage license/permit. Knowledge may be the least expensive insurance against the imposition of administrative civil penalties, license suspension or revocation, criminal fines, and civil lawsuits.

The Division hopes that this manual will provide licensees/permittees, their employees and agents with the information necessary for the responsible sale of alcoholic beverages and will assist in their effort to:

- Comply with alcoholic beverage laws and regulations.
- Curb underage drinking and illegal use of alcoholic beverages.
- Support the responsible consumption of alcoholic beverages by people of legal drinking age.

Timeline

The Division makes every attempt to process applications in a timely manner. To ensure that your license/permit is approved in time for your event, please be proactive in applying for your license/permit and contacting your dramshop insurance carrier and local authority. The summer months particularly show an influx of special events, so we encourage you to apply for any license/permit well in advance so as to ensure adequate time for the license/permit to be processed. We typically recommend that you apply at least 45 days in advance of your event to ensure that your application is processed in time.

Licensees/permittees who are not making any changes or updates to their license/permit may continue to sell alcoholic beverages permitted by their license/permit type.
**Licensing**

Current license/permit holders may continue to sell alcoholic beverages on their licensed premises. The license/permit holder will need to operate within the parameters of their original license/permit type (Example: class “B” beer permittees can only sell beer) and follow all alcohol laws required by Iowa Code chapter 123. However, if a business wishes to make changes to an existing license/permit or acquire a new alcohol license/permit, the following three options are available.

1. **Five-day Licenses/Permits**

Persons wanting to sell and dispense alcoholic beverages at a town celebration or other special event must obtain a five-day license/permit. Five-day licenses/permits are valid for a period of five consecutive days. The license/permit term should include the delivery date for alcoholic beverages. License/permit applicants wanting to sell alcoholic beverages on a Sunday within the five-day period must also obtain a Sunday sales privilege. Licensing requirements for five-day licenses/permits are the same as the requirements for annual licenses/permits of the same class. Special event licenses/permits may be issued for on-premises locations only.

*Class “B” Beer Permit*  
Beer & Carry-Out Beer

*Special Class “C” Liquor License*  
Beer, Wine & Carry-Out Beer

*Class “C” Liquor License*  

2. **Outdoor Service Areas (patios, beer gardens, etc.)**

Outdoor service areas are designated areas which are outside of the original licensed premises. Outdoor service areas are considered extensions of existing licensed premises, however, they are not automatically included as part of the licensed premises. Only products permitted by the license/permit may be served. Licensees/permittees may not sell or serve any alcoholic beverages in an outdoor area until they have met licensing requirements by filing the following documents with the local authority:

- Online application for outdoor service area.
- Sketch of the outdoor area clearly showing boundaries of the area and its relationship to the licensed premises.
- Online endorsement from the licensee’s/permittee’s insurance company certifying that the dramshop liability insurance policy covers the outdoor service area.

The words “outdoor service area” will be reflected at the bottom of the license/permit if the licensee/permittee has met all requirements for an outdoor service area. (“Outdoor service area” will not be reflected on the license/permit if the outdoor area is to be used for less than a two-week period; a letter will be sent to the local authority.) Outdoor service areas are not stand-alone licenses. They expire with the license and must be renewed annually.

*Class “B” Beer Permit*  
Beer & Carry-Out Beer

*Special Class “C” Liquor License*  
Beer, Wine & Carry-Out Beer

*Iowa Code section 123.34*

*Iowa Code section 123.3 and 185 Iowa Administrative Code*
3. **License Transfers**

Applications for license/permit transfers must be submitted online. The licensee/permittee's insurance carrier must certify that the dramshop liability insurance covers the premises to which the license/permit is being transferred. A sketch of the premises must be submitted to the city council or county board of supervisors. Transfer applications must be approved by the city council or county board of supervisors. When requirements are met and approved by ABD, a letter of authorization will be sent to the local authority and the license/permit holder for a temporary transfer.

Selling and serving of alcoholic beverages at the new location is limited to the transfer period approved by the local authority (city or county). The licensee/permittee can sell or serve products allowed by their license/permit, only. Sales and service at the original location must stop during the time of the license/permit transfer. Transfers may be temporary (24 hours to 7 days).

**Iowa Code section 123.38 and 185 Iowa Administrative Code**

**Laws and Regulation**

**Transfer of Alcoholic Beverages Between Licensed Premises**

Liquor, wine and beer inventory cannot be transferred from one retail premises to another even if all of the premises are owned by the same person, partnership, corporation, or association.

**Exceptions: Inventory may be transferred when the retail license is transferred from one location to another.**

**Iowa Code sections 123.22, 123.30, 123.123, 123.130, 123.131, 123.132, 123.173, 123.177, 123.178, 123.178A and 123.178B**

**Buying Alcoholic Beverages For Resale**

Iowa’s alcoholic beverages industry operates under a three-tier system – manufacturer (importer) to wholesaler to retailer. All liquor, wine, and beer purchases must be made through the three-tier system.

**Off-premises licensees/permittees** (liquor stores, grocery stores, convenience stores, etc.) must purchase the liquor, wine and beer for resale in their licensed establishments from the following sources:

- **Liquor:** From the Iowa Alcoholic Beverages Division only. The Division is the sole wholesaler of liquor in Iowa. **Iowa Code sections 123.22 and 123.30**

- **Wine:** From Iowa licensed wine wholesalers only. **Iowa Code sections 123.173, 123.177, 123.178, 123.178A and 123.178B**

- **Beer:** From Iowa licensed beer wholesalers only. No exceptions! **Iowa Code sections 123.130 and 123.132**
Buying Alcoholic Beverages For Resale (continued)

On-premises licensees/permittees (bars, restaurants, hotels, motels, etc.) must purchase the liquor, wine, and beer for resale in their licensed establishments from the following sources:

- **Liquor:** From off-premises class “E” liquor licensees (liquor stores, grocery stores, etc.) that hold federal wholesale permits. *Iowa Code sections 123.22 and 123.30*

- **Wine:** From Iowa licensed wine wholesalers. On-premises licensees also may purchase limited quantities of wine (less than one case per brand, per day) from off-premises class “E” liquor licensees (liquor stores, grocery stores, etc.) who also are licensed to sell bottles of wine. *Iowa Code sections 123.30, 123.173, 123.177, 123.178 and 123.178B*

- **Beer:** From Iowa licensed beer wholesalers. No exceptions! *Iowa Code sections 123.123 and 123.130*

**Record Keeping Requirements**

Iowa law requires licensees/permittees to make their records available to law enforcement officials and to members of the Iowa Alcoholic Beverages Division during business hours and when the licensee/permittee, their employees, agents or patrons are on the licensed premises. Licensees/permittees are expected to have receipts on hand for any equipment, furnishings, or fixtures that have been purchased or rented.

*Iowa Code sections 123.14, 123.21, 123.33 and 123.138 Also Internal Revenue Code 26 U.S. 5121-5123*

**Bootlegging**

Selling liquor, wine, beer, and other alcoholic beverages without a license is bootlegging. Whenever liquor, wine, or beer are sold or their cost is recovered in any manner, a license/permit is required. Bootlegging is a criminal offense (serious misdemeanor). Bootlegging includes:

- Selling alcohol without a license.
- Allowing your liquor license to expire without renewing.
- **Selling or serving outdoors without an outdoor service area privilege.**
- **Bringing spirits, wine, or beer across the state border to sell in your licensed establishment.**
- **Retailer buying from someone other than a wholesaler.**

*Iowa Code sections 123.59, 123.60 through 123.88 and 123.119*

**Display of License**

Licensees/permittees must prominently display their liquor, wine, or beer license/permit so that it is in full view of the public.

*Iowa Code section 123.21 and 185 Administrative Code*
Ages to Sell, Serve, and Deliver

A licensee’s/permittee’s employees and agents must be at least 16 years of age to sell (in original unopened containers) liquor, wine, and beer for off-premises consumption (grocery stores, convenience stores, liquor stores, etc.). Employees must be at least 18 years of age to sell and dispense liquor, wine, and beer for on-premises consumption (restaurants, bars, clubs, etc.).

Iowa Code sections 123.46, 123.47 and 123.49 and 185 Administrative Code

Iowa’s Legal Drinking Age

Iowa’s 21-year-old legal drinking age applies to everyone, including patrons, agents, employees, and the licensees/permittees family members. Licensees/permittees, their employees, and agents must exercise reasonable care to assure that a person is of legal drinking age before selling or serving them an alcoholic beverage.

Iowa Code sections 123.47 and 123.49

Age to be in Licensed Establishment

Iowa law does not prohibit minors from being in licensed establishments. However, licensees/permittees should check with their local authority to determine if there is an ordinance governing minors in licensed establishments. If the local authority has such an ordinance, the ordinance applies.

Iowa Code section 123.39 and 185 Iowa Administrative Code

Hours of Sale

The hours during which alcoholic beverages may be legally sold and served are:

HOURS OF SALE
Monday-Sunday
6AM to 2AM

Licensees/permittees who intend to sell alcohol on Sundays must apply for and obtain a ‘Sunday Sales Privilege’.

Iowa Code sections 123.36, 123.49 and 123.134
**Outside Advertising**

Licensees/permittees may advertise price and brand names of liquor, wine, and beer in the following manner:

- Media (newspapers, radio, television, etc.).
- Inside signs (neon signs, mirrors, etc.).
- Outside signs (billboards, reader boards, etc.) which are not located on the licensed premises.

Licensees/permittees may not advertise specific brand names on signs located on the outside of their licensed premises (in the parking lot, on the outside of the building, etc.).

*Exception: Outside signs with specific brand names of liquor, wine, and beer are legal when located in enclosed or partially enclosed areas (patio umbrellas with specific name brands in a fenced outdoor beer garden, etc.).*

**Trade Practices**

There are state and federal laws and rules that regulate marketing practices between industry members and retailers. When an industry member provides unfair or unlawful services, benefits, and gifts to a retailer in order to obtain a better position in the marketplace, it can be referred to as unfair competition or unlawful trade practices. Gifts, services, and benefits are examples of areas that are regulated in marketing practices. Retailers should be aware of which marketing practices are considered to be fair and allowable as well as practices deemed to be unfair or inducements. The handout provided in your packet provides answers to frequently asked questions about marketing practices.

**Infused and Premixed Drinks**

On-premises liquor control licensees may mix, store, and dispense mixed drinks, cocktails and alcohol infusions which are not for immediate consumption. The rules define “immediate consumption” to mean the mixing and fulfilling of a mixed drink or cocktail order only after receiving the order. Examples are margaritas, daiquiris, bloody mary’s, Jell-O shots, and martinis that have been premixed and contain alcoholic liquor. Licensees who intend to serve premixed drinks should become familiar with the record keeping and label requirements. For more information reference the handout provided in your packet or visit [https://abd.iowa.gov/alcohol/infused-and-premixed-drinks](https://abd.iowa.gov/alcohol/infused-and-premixed-drinks).

**Gambling**

A social gambling license permits betting in small stakes card and parlor games between individuals who have a social relationship (other than for the purpose of gambling). Participants must be at least 21 years old and cannot win or lose more than a total of $50 in a 24-hour period. General admission fees or cover charges may not be charged at any time social gambling is allowed. Licensees/permittees, their employees and agents may not promote, sponsor, conduct, or act as a banker or cashier for social games. For more information or information on how to apply for a social gambling license, reference the handout provided in your packet, visit [www.DIA.Iowa.gov](http://www.DIA.Iowa.gov) or contact the Social and Charitable Gaming Division at 515-281-6848.

Sales to Intoxicated Persons

It is unlawful to sell or serve liquor, wine, or beer to a person who is, or appears to be, intoxicated. The laws governing the sale of alcoholic beverages to an intoxicated person apply to both on- and off-premises licensees – bars, restaurants, hotels, motels, liquor stores, convenience stores, grocery stores, etc.

Although it may be difficult to refuse the sale or service of alcoholic beverages, the consequences that may occur if appropriate action is not taken are significant. People who become intoxicated put themselves and others at risk of injury and harm. Licensees/permittees, their employees and agents who sell or serve an alcoholic beverage to an intoxicated person must realize that their failure to intervene may indirectly injure or kill someone.

Laws governing an intoxicated person also apply to licensees/permittees. Intoxication impairs judgment and interferes with sound business decisions. For this reason, licensees/permittees may find it a good business practice not to drink while working.

Licensees/permittees who sell or serve an alcoholic beverage to an intoxicated person are subject to criminal penalties. In addition, administrative proceedings may be initiated for suspension or revocation of the license/permit. Licensees/permittees also may be held civilly liable under Iowa’s DramShop Act for serving an alcoholic beverage to an intoxicated person who causes damage, injury, or death of an innocent party. Licensees/permittees can minimize their risk by never serving an alcoholic beverage to a person who is or appears to be intoxicated.

Iowa Program for Alcohol Compliance Training

The Iowa Program for Alcohol Compliance Training (I-PACT) is an alcohol retailer training course for on- and off-premises licensees/permittees. The training is online and free of charge. I-PACT covers the Alcoholic Beverages Control Act (Iowa Code chapter 123), valid forms of identification, and how to spot altered and fake IDs. Establishments choosing to participate in the I-PACT training are granted an affirmative defense, which may be used once in a four-year period. For more information reference the handout provided in your packet or visit https://abd.iowa.gov/education/i-pact.

I-PLEDGE Tobacco, Alternative Nicotine and Vapor Products Retailer Training

All individuals who sell tobacco, alternative nicotine, and vapor products as well as holders of retail licenses should take the I-PLEDGE training. The core objective of the I-PLEDGE program is to prevent illegal sales of tobacco, alternative nicotine, and vapor products by educating retailers and increasing awareness of changes in Iowa’s tobacco, alternative nicotine, and vapor products laws. The program focuses on preventing underage sales and when not to make a sale. Participants will learn techniques for refusing the sale of tobacco, alternative nicotine, and vapor products with minimal confrontation and how to legally confiscate an altered or fake ID. Establishments choosing to participate in the I-PLEDGE training are granted an affirmative defense, which may be used once in a four-year period. The training is offered online at no cost. For more information reference the handout provided in your packet or visit https://abd.iowa.gov/i-pledge.

Smokefree Air Act

The Smokefree Air Act prohibits smoking in almost all public places and enclosed areas within places of employment, as well as some outdoor areas. The law applies to: restaurants, bars, outdoor entertainment events, and amphitheaters.

For more information reference handouts provided in your packet or contact Iowa Department of Public Health.

With the passage and signing of House File 2465, the mixing, storing, and dispensing of mixed drinks, cocktails and alcohol infusions which are not for immediate consumption (herein referred to as premixed drinks) became legal July 1, 2012, for on-premises liquor licensees. However, the new language stipulates premixed drinks must be in compliance with the Iowa Code section 123.49(2)*d*(2) and rules adopted by the Alcoholic Beverages Division (ABD). The ABD filed and adopted rules which were effective July 1, 2012. The rules define “immediate consumption” to mean the mixing and fulfilling of a mixed drink or cocktail order only after receiving the order. Licensees who intend to serve premixed drinks should become familiar with the following rules to ensure compliance with Iowa regulations.

A Liquor Licensee Must:
- Utilize alcoholic beverages in the premixed drink which are authorized by the license and obtained through the three-tier system
- Comply with all applicable state and federal food safety regulations
- Comply with all federal alcohol regulations

A Liquor Licensee Cannot:
- Add hallucinogenic substances, added caffeine or stimulants, or controlled substances to a premixed drink.

A Premixed Drink Batch Must Be:
- Disposed of within 72 hours of mixing
- Mixed, stored, and consumed on the licensed premises or properly sealed and sold for off-premises consumption pursuant to Iowa Code 123.49.
- In a labeled container that is compliant with state and federal food safety statutes.

A Premixed Drink Batch Cannot Be:
- More than three gallons
- Mixed, stored, or dispensed from an original package of liquor or wine, or a container bearing an alcoholic beverage name brand
- Added to a relabeled empty container or another premixed drink batch if expired.

Label Requirements
A label is required to be on each container that holds a premixed drink batch. The label must adhere to the container, in a noticeable place, until the entire contents are dispensed or destroyed. The label must legibly identify:
- The date and time of mixing alcoholic beverages with nonalcoholic ingredients in the container
- The date and time the contents expire
- The title of the recipe used for the contents
- The size of batch
- The person who prepared the contents
Each label must be marked clearly with the words “CONTAINS ALCOHOL.”

Dispensing Machines
A dispensing machine that contains a premixed drink is required to follow the labeling, record keeping, and disposal requirements. Licensees who use a dispensing machine that contains a non-alcoholic premix, and add alcoholic beverages after receiving and dispensing a customer order for the beverage, are not required to label the container or maintain records.

Violations
A failure to comply with the above rules will result in a fine, license suspension, and/or license revocation.

**LEGALLY SPEAKING**

**TAKING A GAMBLE WITH YOUR LICENSE?**

It may only be February, but one sign that spring is just around the corner is the excitement that comes with the culmination of the college basketball season known as “March Madness.” Many people throughout the country strategically make their hopeful winning picks, all the while knowing that their wager may be lost if they are not accurate in their selections. This seemingly acceptable practice of placing wagers on “March Madness” games is not without consequence however. With wagering activities such as this taking place in bars and restaurants where beer and liquor is sold, licensees should be aware of what is permissible under Iowa law.

Whether it’s a restaurant conducting a sports betting pool or a bar allowing customers to play a game of Texas Hold’em, on-premises licensees are required to obtain a social gambling license. An establishment with a social gambling license may permit two types of gambling on its premises; gambling between individuals and sports betting pools.

**Gambling Between Individuals**

In establishments with a social gambling license, gambling may occur between patrons who are together for purposes other than gambling. Therefore, a social relationship must exist beyond that apparent in the gambling situation. Gambling on small stakes card and parlor games such as cribbage, darts and pool is allowed with a social gambling license. No casino-style games, other than poker, are permissible but poker tournaments are never authorized with a social gambling license.

A licensee or its employees cannot sponsor, conduct or promote any game. A participant cannot win or lose more than a total of $50 in a 24-hour period.

**Sports Betting Pools**

An establishment with a social gambling license may conduct a sports betting pool if the game is publicly displayed and the rules of the game, including the cost per participant and the amount of the prizes, are clearly displayed on or near the pool. A participant cannot wager more than $5 and maximum winnings to all participants in the pool cannot exceed $500. All money wagered must be awarded to participants. The sports betting pool can only be used for one sporting event and must consist of a grid compliant with Iowa statute. Because of this requirement, the NCAA Basketball Tournament brackets are not legal at liquor establishments. For additional information on how to conduct a sports betting pool in grid format please refer to Iowa Code section 99B.6(7).

**Poker Tournaments, Poker Runs and Raffles**

A social gambling license does not allow licensees to conduct poker tournaments, poker runs or raffles. These activities can only be conducted by a licensed charitable organization. A poker run is an organized event where participants must visit checkpoints, drawing a playing card at each one. The object is to have the best poker hand at the end of the run. Raffles are defined as a lottery where each patron buys a ticket for a chance at a prize, with the winner determined by a random method. The winner does not have to be present to win.

**Don’t Take a Gamble with Your Alcohol License!**

DIA recommends that all on-premises licensees obtain a social gambling license. To apply for a social gambling license, complete a paper or online application, both of which are accessible on DIA’s website. Along with the application, applicants must provide a letter on official letterhead from a financial institution or other entity, stating the establishment has an account in good standing. If conducting a sports betting pool, a copy of the grid and an explanation of how the pool will be conducted must also accompany the application. A social gambling license costs $150 and is valid for two years from the date issued. Applications must be submitted at least 30 days before the beginning date requested. Visit [http://dia.iowa.gov/food-consumer-safety/social-and-charitable-gambling](http://dia.iowa.gov/food-consumer-safety/social-and-charitable-gambling) for rules and regulations regarding social gambling. If you have further questions, please contact the Social and Charitable Gambling Unit at (515) 281-6848.
Why should you participate in I-PACT?
The overall goal of I-PACT is increased voluntary compliance with the state’s alcohol laws through education and enforcement. The core objective of the program is to prevent illegal sales of alcohol by educating alcohol sellers and increasing awareness of changes in Iowa’s liquor laws.

What will you learn from I-PACT?
The content focuses on key identifying elements of the latest format of Iowa driver’s licenses, but also includes information on the previous version of licenses and identification cards. I-PACT covers the Alcoholic Beverage Control Act (Iowa Code chapter 123), valid forms of identification, and how to spot altered and fake IDs. The program focuses on preventing underage sales and sales to intoxicated patrons. Participants will learn techniques for refusing the sale of alcohol with minimal confrontation and how to legally confiscate an altered or fake ID. The training also includes regulations and tips for offsite delivery of alcohol.

Who should take the I-PACT?
All individuals who sell alcohol for on- or off-premises consumption, as well as holders of retail alcohol licenses should take the training. However, anyone who is interested may take the training.

Make A Pact
The program asks that a Pact is made by:
- Iowa kids not to consume alcohol products
- Iowa retailers not to sell alcohol to minors
- Iowa licensees not to serve alcohol to patrons under 21
- Iowa’s law enforcement to enforce alcohol laws.

CERTIFICATION
After successfully passing the final test, participants will receive a printable certificate of completion. The certification is valid for a period of two years. However, if an individual is cited for a sale-to-minor, the certification is revoked. The training may be taken again for recertification.

Civil & Criminal Penalties
Violations for illegal sales of alcohol to minors include a $500 criminal fine to the clerk, as well as a $500 civil fine to the retail establishment for the first violation. Subsequent violations can result in higher fines, license suspension or even revocation.

SIGN UP
I-PACT is available 24 hours a day, seven days a week, at I-PACT.com or through the ABD’s website at https://abd.iowa.gov/

AFFIRMATIVE DEFENSE
Establishments that choose to participate in the I-PACT training are granted an affirmative defense, which may be used once in a four-year period. A business may avoid civil prosecution if an alcohol sale-to-minor violation occurs in their establishment. In order for the business to take advantage of the affirmative defense, the employee guilty of the violation must have been I-PACT certified prior to the time the offense occurred. However, the affirmative defense cannot be used if the employee sold to a minor under the age of 18. Only the business is eligible to avoid a civil penalty; the guilty employee will still be subject to a fine and their I-PACT certification will be revoked.
Why should you participate in I-PLEDGE?
The overall goal of I-PLEDGE is an increase of voluntary compliance with the state’s tobacco, alternative nicotine and vapor products laws through education and enforcement. The core objective of the program is to prevent illegal sales of tobacco, alternative nicotine and vapor products by educating retailers and increasing awareness of changes in Iowa’s tobacco, alternative nicotine and vapor products laws.

What will you learn from I-PLEDGE?
While enforcement of Iowa’s tobacco, alternative nicotine and vapor product laws is an important goal of I-PLEDGE, education of both law enforcement and the state’s retailers is the primary focus of the program. The content focuses on key identifying elements of the latest format of Iowa driver’s licenses, but also includes information on the previous version of licenses and identification and how to spot altered and fake IDs. The program focuses on preventing underage sales and when not to make a sale. Participants will learn techniques for refusing the sale of tobacco, alternative nicotine and vapor products with minimal confrontation and how to legally confiscate an altered or fake ID.

Who should take the I-PLEDGE?
All individuals who sell tobacco, alternative nicotine and vapor products as well as holders of retail licenses should take the training. However, anyone who is interested may take the training free of charge.

Affirmative Defense
Establishments choosing to participate in I-PLEDGE training are granted an affirmative defense, which may be used once in a four-year period. A business may avoid civil prosecution if a tobacco, alternative nicotine or vapor product sale-to-minor violation occurs in their establishment. In order for the business to take advantage of the affirmative defense, the employee guilty of the violation must have been I-PLEDGE certified prior to the time the offense occurred. Only the business is eligible to avoid a civil penalty; the guilty employee will still be subject to a fine and his/her I-PLEDGE certification will be revoked.

Make A Pledge
The program asks:
- Iowa’s kids to pledge not to use tobacco, alternative nicotine and vapor products
- Iowa’s retailers to pledge not to sell tobacco, alternative nicotine and vapor products to kids
- Iowa’s law enforcement to pledge to enforce tobacco, alternative nicotine and vapor products laws in the state

Civil & Criminal Penalties
Violations for illegal sales of tobacco, alternative nicotine and vapor products to minors include a $100 criminal fine to the clerk as well as a $300 civil fine to the retail establishment for the first violation. Subsequent violations result in higher fines, license suspension or even revocation.

Certification
After successfully passing the final test, participants will receive a printable certificate of completion. The certification is valid for a period of two years. However, if an individual is cited for a sale-to-minor, the certification is revoked. The training may be taken again for recertification.
Iowa ABD Age to Purchase Mobile App

What is it?
The Iowa ABD Age to Purchase App allows users to scan driver’s licenses with their smartphone. No personal information of the customer is stored on the device. The built-in scanning function uses the camera feature on the device to scan the barcode on the driver’s license to quickly help determine age and validity. The app also gives users access to a view similar to the desktop calendars previously issued by ABD and a manual DOB calculator.

Who should use it?
Anyone that is looking for assistance in determining the age of customers while selling or serving alcohol, tobacco, alternative nicotine, or vapor products should use this app.

Additional Features
The app also contains links to ABD’s two online training programs, I-PACT and I-PLEDGE, which help teach responsible selling and serving of alcohol, tobacco, alternative nicotine, and vapor products.

This app is strictly a supplemental tool and is not a replacement for any reasonable and necessary steps or factual evidence that may be needed to determine the age of a person.

The Iowa ABD Age to Purchase App is available to download for free from the App Store and Google Play Store.

Owners, operators, managers and persons having custody or control of a business are required to take certain actions in order to comply with the Smokefree Air Act.

**Overview**
- The Smokefree Air Act requires proprietors to inform all existing and prospective employees *of the prohibitions described in the Smokefree Air Act. *Employee is any person who is employed by an employer in consideration for direct or indirect monetary wages or profit, or any person who provides services to an employer on a voluntary basis.

**Posting of Signs**
- Proprietors are required to post “No Smoking” signs at every entrance *to an indoor or outdoor nonsmoking area.
- Additionally, the Smokefree Air Act requires proprietors to post “No Smoking” signs in vehicles (owned, leased, or provided by the employer) which are visible from the vehicle’s exterior.

*Entrance is any doorway to an enclosed area used by the public or employees for ingress and includes the commonly understood points of entry to an outdoor area such as a driveway, sidewalk, pathway, access road, gate or dedicated point of entry, but not including a street, road, highway, or sidewalk in the public right-of-way. (See Fact Sheet titled “Sign Requirements”)

**Removal of Ashtrays**
- The Smokefree Air Act requires proprietors to remove all ashtrays *from public places where smoking is prohibited. *Ashtray is defined as any receptacle... that is used for extinguishing or disposing of any lighted... tobacco product... However, “ashtray” shall not include any receptacle located outdoors and on the perimeter of any public place, the perimeter of the grounds of any public building, the perimeter to school grounds, or the perimeter of any other outdoor space subject to the prohibitions of the Smokefree Air Act.

**Notifying Employees**
- A proprietor must inform any individual smoking in a place where smoking is prohibited that the individual is violating the Smokefree Air Act and must request that the individual stop smoking immediately.
1. If the individual refuses to stop smoking, the proprietor may discontinue service to that individual.
2. If the individual refuses to stop smoking, the proprietor may request that the individual leave the area where smoking is prohibited.
3. If the individual refuses to leave the area proprietor may notify the state or local law enforcement agency with jurisdiction over the area where smoking is prohibited.

**Notifying Customers in Violation**

**NOTE:** The information provided in this document is not intended to be legal advice. Please consult state statutes or contact an attorney for additional information about the Smokefree Air Act (Iowa Code 142D).

Iowa Department of Public Health, Division of Tobacco Use Prevention & Control | 1-888-944-2247 (Updated September 2, 2009)
The Smokefree Air Act requires businesses, and state, county and city governments to post “no smoking” signs at every entrance to places where smoking is prohibited.

To meet the sign requirements in the Smokefree Air Act, all “no smoking” signs should conform to the following:

- Signs must contain:
  1. The words “no smoking” or the international “no smoking” symbol
  2. The Smokefree Helpline: “1-888-944-2247”
  3. The official Web site: smokefreeair.iowa.gov

- “No smoking” signs must be at least 24 square inches in size (e.g., 3” x 8” or 4” x 6”, etc.)
- **Vehicle** “no smoking” signs must be at least 9 square inches in size (e.g., 3” x 3”, etc.)

Font type and size must be legible.

- A proprietor must inform any individual smoking in a place where smoking is prohibited that the individual is violating the Smokefree Air Act and must request that the individual stop smoking immediately.
  1. If the individual refuses to stop smoking, the proprietor may discontinue service to that individual.
  2. If the individual refuses to stop smoking, the proprietor may request that the individual leave the area where smoking is prohibited.
  3. If the individual refuses to leave the area proprietor may notify the state or local law enforcement agency with jurisdiction over the area where smoking is prohibited.
The Smokefree Air Act prohibits smoking in all enclosed areas within places of employment, including bars. Bars may allow smoking on unenclosed, outdoor patios.

- The Smokefree Air Act defines "bar" as an establishment where a customer may purchase alcoholic beverages and in which the serving of food is incidental to the consumption of those beverages.
- Incidental food service is defined as food preparation that is limited to the service of ice, pre-packaged snack foods, popcorn, peanuts, and the reheating of commercially prepared foods that do not require assembly, such as frozen pizza, pre-packaged sandwiches, or other prepackaged, ready-to-serve products.
- Typically, an establishment meeting the criteria of bar will not contain food preparation equipment, including but not limited to the following: roaster oven, deep fat fryer, flat top grill, or crock pot. A bar may contain a microwave or toaster oven to heat commercially prepared foods.
- An establishment that prepares food beyond the limited food service described in the definitions above is considered a restaurant for the purposes of the Smokefree Air Act.

- Smoking is prohibited in all enclosed areas of a bar. These areas include serving areas, entrances, restrooms, hallways, and storage rooms.
- Smoking is not regulated in unenclosed outdoor patios or other outdoor areas of a bar.
- Nothing in the law prevents any owner or operator of a bar from declaring the entire property a nonsmoking place.

Owners, operators, managers and persons having custody or control of a bar are required to take certain actions in order to comply with the Smokefree Air Act. These include:

- Informing employees about the law
- Not permitting smoking in any indoor area declared nonsmoking by the Smokefree Air Act
- Posting no-smoking at every entrance to areas where smoking is prohibited
- Removing all ashtrays from areas where smoking is prohibited (See the Fact Sheet titled, "Duties of Proprietors," for more information.)

SMOKEFREE AIR ACT
Restaurants

The Smokefree Air Act prohibits smoking in all enclosed areas within places of employment, including restaurants. Smoking is also prohibited in the outdoor seating or serving areas of restaurants.

- The Smokefree Air Act defines "restaurant" as eating establishments...which offer food to the public, guests, or employees, including the kitchen and catering facilities in which food is prepared on the premises for serving elsewhere, and including a bar area within a restaurant.

- The Smokefree Air Act defines "bar" as an establishment in which the serving of food is incidental to the consumption of alcoholic beverages. Incidental food service is limited to the service of pre-packaged snack foods, popcorn, the reheating of commercially prepared foods that do not require assembly. (See the Fact Sheet titled, "Bars.")

- A food service establishment, with or without a liquor license, that prepares food beyond the limited food preparation described in the definition of a bar is considered a restaurant for the purposes of the Smokefree Air Act.

- Smoking is prohibited in all enclosed areas of a restaurant. These areas include dining areas, entrance areas, restrooms, hallways, stairways, storage rooms, and kitchens.

- Smoking is prohibited in all outdoor seating or serving areas of restaurant. These areas include all outdoor places where customers are seated or served food or beverages.

- Smoking is not prohibited in a defined outdoor area of a restaurant, such as a patio or a portion of a patio, provided that there is no seating in such area and no restaurant employee serves food or beverages to a patron in such area.

- Owners, operators, managers and persons having custody or control of a restaurant are required to take certain actions in order to comply with the Smokefree Air Act. These include:
  - Not permitting smoking in any indoor area declared nonsmoking by the Smokefree Air Act
  - Posting no-smoking at every entrance to areas where smoking is prohibited
  - Removing all ashtrays from areas where smoking is prohibited

(See the Fact Sheet titled, "Duties of Proprietors," for more information.)
The Smokefree Air Act regulates smoking in specified outdoor areas. Unless the law specifies that smoking is completely regulated in an area, the law does not specify a distance where smoking is regulated from the entrances to buildings.

- Smoking is not allowed in the designated seating areas (permanent or temporary) of outdoor entertainment venues where members of the general public assemble to witness entertainment events, including but not limited to:
  - Sports arenas
  - Stadiums
  - Amphitheatres
  - Standing-room only
  - Chairs, seats, & bleachers
  - Festival-style seating

- Smoking is prohibited in all outdoor seating or serving areas of restaurants. These areas include all outdoor places where customers are seated and served food or beverages.

- Smoking is not prohibited in a defined outdoor area of a restaurant, such as a patio or a portion of a patio, provided that there is no seating in such area and no restaurant employee serves food or beverages to a patron in such area.

- The Smokefree Air Act prohibits smoking on the grounds of state and local government buildings.

- The person having custody or control of the grounds of the public building should define the outdoor areas used in connection with that building and properly post the outdoor entrances with "no smoking" signs as required by the Smokefree Air Act.

- Outdoor areas of a public building that are not used in connection with that building are not regulated by the Smokefree Air Act.

- Smoking is prohibited on school grounds, including parking lots, athletic fields, playgrounds, tennis courts, and any other outdoor area under the control of a school.

- Smoking is prohibited inside any vehicle located on school grounds.

The Smokefree Air Act requires schools to remove all ashtrays from public places where smoking is prohibited.

- The Smokefree Air Act prohibits smoking on public transit stations, platforms, and shelters under the control of state and local governments.

### Overview

The Smokefree Air Act prohibits smoking in permanent and temporary seating areas of outdoor entertainment events.

- Smoking is not allowed in the designated seating areas of outdoor entertainment venues, including but not limited to:
  - Sports Arenas
  - Stadiums
  - Amphitheatres

"Seating areas of outdoor sports arenas, stadiums, amphitheaters, or other entertainment venues" means areas designated by the owner, operator, manager, or other person having custody or control of the area to be used primarily to witness entertainment events and shall include, but not be limited to, all chairs, seats, and bleachers whether permanent or temporary; standing room only; general admission or festival style seating areas; and any other areas where individuals congregate to witness entertainment events.

- The Smokefree Air Act requires that the grounds of all public buildings be nonsmoking. Entertainment events held on the grounds of public buildings must also prohibit smoking in all enclosed and outdoor areas (See the Fact Sheet titled "Grounds of Public Buildings" for additional information).

- Signage which meets the requirements of the law must be posted at the entrances to designated seating areas of outdoor entertainment events (See the Fact Sheet titled "Signage" for additional information).

TTB Ruling

Revised - Freshness Dating and Allowable Returns of Malt Beverage Products under the FAA Act

The Alcohol and Tobacco Tax and Trade Bureau (TTB) has been asked to clarify the circumstances under which trade buyers\(^1\) may return to industry members\(^2\), and under which industry members may receive, malt beverage products that have been deemed unsuitable for sale because of freshness concerns without violating the consignment sales provision of the Federal Alcohol Administration Act (FAA Act) and TTB regulations. TTB Ruling 2012-4 is superseded.

TTB RULING 2017-2

Background

Some brewers assign a coded “pull date” to their products to prevent stale or outdated products from remaining in the market. Brewers who assign pull date coding ask that wholesalers remove malt beverage products based on the pull date and replace them with fresh product. These brewers believe that relying on the wholesaler to monitor the pull date will ensure that only fresh products are in the retail market and that consumers do not purchase stale or spoiled malt beverages.

Brewers who include a “freshness date” on their products believe that such statements allow consumers to make purchasing decisions based on the freshness date. These brewers also assert that freshness dating is a quality control tool that offers some assurance that if the consumer purchases a malt beverage before that date, the product will not be deteriorated or spoiled.

On November 19, 2012, TTB issued Ruling 2012-4, which clarified the circumstances under which retailers may return to wholesalers, and under which wholesalers may receive, malt beverage products that have been deemed unsuitable for sale because of freshness concerns without violating the consignment sales provision of the FAA Act. Subsequently, TTB has received questions from industry members about whether the holding in TTB Ruling 2012-4 also applies to transactions between a wholesaler and a brewer. Accordingly, this Ruling modifies and supersedes TTB Ruling 2012-4 and clarifies the circumstances under which trade buyers may return to industry members, and under which industry members may receive, malt beverage products that have been deemed unsuitable for sale because of freshness concerns without violating the consignment sales provision of the FAA Act and the TTB regulations. TTB Ruling 2012-4 is restated below in its entirety, with only clarifying changes.

Authority

The Secretary of the Treasury is authorized to prescribe regulations regarding unfair competition and unlawful trade practices involving the sale of wine, distilled spirits, and malt beverage products under 27 U.S.C. 205. In the case of malt beverages, trade practice provisions of the FAA Act apply only if the laws of the State into which the malt beverage products are sold or shipped impose similar requirements. TTB uses rulings to clarify the provisions of the FAA Act and implementing regulations, when appropriate.

Discussion

The consignment sales provision of the FAA Act, 27 U.S.C. 205(d), makes it unlawful for an industry member (such as a producer, importer, or wholesaler of malt beverages, wines, or distilled spirits) to sell, offer for sale, or contract to sell to any trade buyer (a wholesaler or retailer), or for a trade buyer to purchase, offer to purchase, or contract to purchase any products (a) on consignment; or (b) under conditional sale; or (c) with privilege of return; or (d) on any basis other than a bona fide sale; or (e) if any part of the sale involves, directly or indirectly, the acquisition by such person of products from the trade buyer or the agreement to acquire other products from the trade buyer. However, section 205(d) does not prohibit transactions involving the bona fide return of products for “ordinary and usual commercial reasons arising after the merchandise has been sold”.

TTB regulations promulgating allowable (that is, ordinary and usual) reasons for returns under section 205(d) are found in 27 CFR part 11, Subpart D — Rules for the Return of Distilled Spirits, Wine, and Malt Beverages. Sections 11.32 through 11.39 (27 CFR 11.32 through 11.39) of this subpart specify what are considered “ordinary and usual commercial reasons” for the return of products, and outline the conditions and limitations for such returns. The ordinary and usual commercial reasons listed under §§ 11.32 through 11.39 include:

- Defective product;
- Shipment error;
- A change in the law preventing sale of the product;
- Termination of the buyer’s business or franchise;
- Change in product from that in inventory;
- Product in inventory is discontinued; or
- Possible spoilage of product during the off-season of a seasonal retail dealer.

While industry members have the option to accept exchanges and returns for the ordinary and usual commercial reasons listed in §§ 11.32 through 11.39, they are under no obligation to do so.

Sections 11.45 and 11.46 of Subpart D (27 CFR 11.45 and 11.46) indicate that returns or exchanges of products that are merely overstocked, slow-moving, or are seasonal in nature, such as holiday decanters and certain distinctive bottles, do not constitute returns for ordinary and usual commercial reasons.

**TTB Determination**

Under the following conditions, TTB will consider the return of malt beverages for cash or credit against outstanding indebtedness or exchange of such malt beverages for freshness reasons as a return by a trade buyer for ordinary or commercial reasons under 27 CFR 11.32:

- The brewer has policies and procedures in place that specify the date the retailer must pull the product;
- Such brewer's freshness return/exchange policies and procedures are readily verifiable and consistently followed by the brewer;
- The container has identifying markings that correspond with this date; and
- The malt beverage product pulled by the trade buyer may not re-enter the retail marketplace.

TTB believes this policy addresses the realities of modern marketing practices while minimizing the possibility that the industry will use freshness dating returns as a subterfuge for disposing of slow-moving products.

However, if TTB determines that, under the pretext that the trade buyer may exchange the product based upon freshness, an industry member is encouraging, requiring, or forcing a trade buyer to overstock its products (i.e., purchase more of its products than it may otherwise reasonably expect to sell), or if a trade buyer agrees to purchase more of an industry member's products than it may otherwise reasonably expect to sell, TTB may investigate the industry member and trade buyer for violating the consignment sales and/or tied house provisions. (See 27 U.S.C. 205(b)(7) and (d), as implemented under 27 CFR 6.71, 11.21(c), 11.31, and 11.45.) Moreover, if industry members re-introduce into the retail marketplace malt beverages that were returned or exchanged for freshness purposes, TTB may investigate whether the purported freshness purpose was a mere subterfuge to violate these same consignment sales and/or tied house provisions.

**Held**, subject to the conditions described above, TTB considers the exchange of an identical quantity of the same brand or the return for cash or credit against outstanding indebtedness for freshness concerns as a return by a trade buyer for ordinary or commercial reasons under 27 CFR 11.32.

Date Approved: September 29, 2017
